

Bioptic Driving:

Methods for Screening, Training & Licensing Candidates

One-Day Pre Conference Workshop

Thursday, July 11, 2024

8:00 AM – 5:00 PM

Hyatt Regency Orange County

11999 Harbor Boulevard

Garden Grove, CA 92840

This workshop is intended for persons with low vision who are considering exploring the driving privilege. Obtaining a driver's license that requires the use of a bioptic lens system involves the cooperation and services of a multi-disciplinary team of professionals. Parents, spouses and service providers who might offer direct or indirect related services or emotional support are also encouraged to attend.

Topics & Presenters:

- The Clinical Low Vision Examination, Tom Porter, O.D., F.A.A.O.
- Bioptic Telescopes: The Evaluation, Prescription and Fitting, Tom Porter, O.D., F.A.A.O.
- Pre-Driver Readiness, Chuck Huss, COMS, DRS
- Behind-The-Wheel Training, Derrick Scott, CDI, CDRS
- Who, What, When, Where, How: Getting A Driver's License in Oregon as a Bioptic Lens

Photo courtesy of Ocutech, Inc.

Assisted Driver, Karen O'Fearn, Coordinator, Limited Vision Condition Program (Bioptic Lens Adaptive Device Drivers), Oregon Driver and Motor Vehicle Services (DMV)

- Driving with Bioptics in California from a Professional and Personal Perspective, Dennis Kelleher, Ed.D
- Bioptic Driving Updates, Chuck Huss, COMS, DRS
- Panel Discussion/Questions & Answers

Virtual and Onsite participation options available.

Fee: \$105 per person (includes lunch for onsite participants).
